Hi Adi,

I knew you would be great, but your presentation was absolutely amazing. Thank you so much for the extraordinary effort and energy that you put into your presentation. It was such a privilege to have you on campus, even if it was through Zoom, and I know you made an impact upon our students. You are an exceptional leader and speaker, and I truly hope we can continue to work together to spread your message of love, reconciliation, and hope.

All the best,

Rich
